

# A new space, curated by intention...

Cocoon Furnishings is thrilled to announce our upcoming move to a new location this fall.

We're proud to be part of an exciting new high-end destination dedicated to home furnishings and residential design.

---

Our new home at **The Shops at Sherwood Village**, which is undergoing a major transformation to a lifestyle and design center, is just minutes from our current location. This move positions Cocoon in a vibrant hub of home design retailers—alongside specialists in appliances, tiles, kitchen cabinetry, bath design and other curated lifestyle offerings.

The new space allows us to elevate your shopping experience with a reimagined showroom featuring our upholstery and custom **CASE by Cocoon** furniture lines, along with a dedicated **Visual Comfort lighting store, carpet gallery, and bedding boutique**—all under one roof.

For over 22 years, Cocoon Furnishings has proudly served as the leading provider of home furnishings to consumers and trade professionals across the west-end GTA. This move deepens our commitment to that community and enables us to offer even more inspiration, selection, and service.

We look forward to welcoming you to our beautiful new space and sharing this new chapter with you. More details coming soon...

- ***With great anticipation and excitement from all of us at Cocoon Furnishings.***

---
